

# Heritage Oak — Ebonized

## Countryside Collection

### Product Information

Classic Oak takes on a sophisticated and sculptural look with this monochrome treatment. Its bold grain, nail marks, and knots are cloaked beneath an opaque finish, but wire brushing brings the unique texture of the wood to the surface.

### Source

Reclaimed hardwoods from pre-industrial timber-frame structures throughout the Northeast.

### Impact

Historic material re-use and local manufacturing support a circular economy and reduces a building project's carbon footprint.

#### FINISH

We apply green finishes by hand to bring out the natural beauty of wood with added durability and easy maintenance.

#### SHOP DRAWING

We provide detailed shop drawings and installation guides customized to each project.

#### CNC MILLING

Our solid wood elements are customized with precision using digital fabrication tools and techniques.

#### SUPPORT

We are part of your project team, working collaboratively before and after the order arrives on site to ensure smooth project delivery.
