

# Heart Pine – White Wash

## Industry Collection

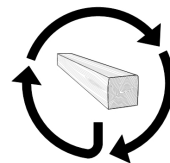

## Product Information

Our warm wash mellows the amber coloration typical of Heart Pine while allowing the contrasting linear grain and narrow cathedrals to come through. The all-heart timber sawn from reclaimed old-growth wood makes for a naturally durable surface.

## Source

Reclaimed from 19th-century heavy timber industrial structures in the Northeast.

## Impact

Historic material re-use and local manufacturing support a circular economy and reduces a building project's carbon footprint.

BULLNOSE

#### FINISH

We apply green finishes by hand to bring out the natural beauty of wood with added durability and easy maintenance.

#### SHOP DRAWING

We provide detailed shop drawings and installation guides customized to each project.

#### CNC MILLING

Our solid wood elements are customized with precision using digital fabrication tools and techniques.

#### SUPPORT

We are part of your project team, working collaboratively before and after the order arrives on site to ensure smooth project delivery.
