

Ash — Lunar White

Watershed Collection

Product Information

Ash is simultaneously aesthetically striking and extremely dense, ideal for high-impact products such as tool handles and baseball bats as well as flooring, cladding, and furniture applications. The durable wood has a flowing grain texture highlighted by our luminous Lunar White finish, which gives the material a contemporary, matte texture.

Source

Harvested from Northeast forests in coordination with sustainable management plans that support long-term forest health & biodiversity.

Impact

Timber from regenerative forestry practices in regional working forests supports clean water, clean air, and habitat for wildlife.
