

# Black Cherry — Natural

## Watershed Collection

## Product Information

Cherry is a hardwood that has long been prized in our region's rich history of craft. The timber of this fruit-bearing tree has a refined grain and a golden hue that grows more luminous with age, a quality underscored by our Natural finish.

## Source

Harvested from Northeast forests in coordination with sustainable management plans that support long-term forest health & biodiversity.

## Impact

Timber from regenerative forestry practices in regional working forests supports clean water, clean air, and habitat for wildlife.

Common Spec\*

Flooring | Solid | Tongue & Groove | Micro Bevel | 3/4" Thickness | 4", 5", 6" Mixed Width | 2'- 12' Lengths

SOLID WOOD

Made from a single piece of wood. Honest, true, and long-lasting.

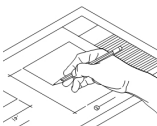

2-LAYER ENGINEERED

Top layer of solid wood bonded to an FSC® plywood substrate.

**FINISH**  
We apply green finishes by hand to bring out the natural beauty of wood with added durability and easy maintenance.

**CUSTOMIZATION**  
Go beyond the standards to create custom specifications including dimension, finish, and profile.

**PATTERNS**  
We offer a variety of patterns such as chevron and herringbone, tailored to suit the dimensions of each room.

**SUPPORT**  
We are part of your project team, working collaboratively before and after the order arrives on site to ensure smooth project delivery.
