# Douglas Fir — Cotton White

Industry Collection

Product Information

Our vintage Douglas Fir exhibits the quality and majesty of the towering old-growth trees that were used to build America. The unmistakable elegance of this wood is framed by our light white finish to create a softened contemporary look with a bold natural feel.

Source

Reclaimed from 19th-century heavy timber industrial structures in the Northeast.

Impact

Historic material re-use and local manufacturing support a circular economy and reduces a building project's carbon footprint.
