

Figured Maple — Stone White

Watershed Collection

Product Information

This refined hardwood is harvested both locally and sustainably, then undergoes a natural curing process to imbue a truly distinctive look. Our Stone White finish reveals ribbons of black and gray that thread through the light-toned grain, recalling white marble with the natural warmth of wood. An excellent choice for interior furniture applications.

Source

Harvested from Northeast forests in coordination with sustainable management plans that support long-term forest health & biodiversity.

Impact

Timber from regenerative forestry practices in regional working forests supports clean water, clean air, and habitat for wildlife.
