

Heart Pine – Cotton White

Industry Collection

Product Information

Reclaimed Heart Pine comes from trees that grew slowly over centuries, yielding timbers with a density ideal for flooring and furniture. Our Cotton White finish highlights the formal, straight grain of the wood while adding a cool, matte tone.

Source

Reclaimed from 19th-century heavy timber industrial structures in the Northeast.

Impact

Historic material re-use and local manufacturing support a circular economy and reduces a building project's carbon footprint.
