

# Red Oak — Natural

## Countryside Collection

### Product Information

The linear grain of this rift and quarter sawn timber likens the Red Oak tree that grows tall and straight, a pillar of the forests in eastern North America. Our Natural finish celebrates the wood's hue and grain figure, offering a refined look that is equal parts warm and clean, classic yet contemporary.

### Source

Harvested from Northeast forests in coordination with sustainable management plans that support long-term forest health & biodiversity.

### Impact

Timber from regenerative forestry practices in local working forests support conservation, resilience, and green jobs.

## Solid Wood Elements

### SELECT YOUR SPECS

Format	Profile	Thickness	Element Size & Shape	Element Cutout
Single-Piece Slab	Hand Eased	1"	Custom Width & Length	Sink
Multi-Piece Top	Roundover	1-1/4"	Custom Shape	Power & Data Module
Stair Tread & Riser	Bevel	1-1/2"		Lighting
	Bullnose	2"		Hardware
	Live Edge			

### Common Spec\*

Multi-Piece Top | Hand Eased Profile | 1-1/2" Thickness

\*include sketch to indicate overall dimensions, shape, and cutout locations

SINGLE-PIECE SLAB

Made by sawing select logs all the way through, these large-scale solid surfaces show the unique character of each tree and are available with a live edge or custom edge profile.

MULTI-PIECE TOP

Made of edge-glued solid wood pieces to create dynamic solid surfaces, these tops are versatile and customizable.

STAIR TREAD & RISER

Our single-piece or glue-up solid wood stair components are durable and customizable.

### FINISH

We apply green finishes by hand to bring out the natural beauty of wood with added durability and easy maintenance.

### SHOP DRAWING

We provide detailed shop drawings and installation guides customized to each project.

### CNC MILLING

Our solid wood elements are customized with precision using digital fabrication tools and techniques.

### SUPPORT

We are part of your project team, working collaboratively before and after the order arrives on site to ensure smooth project delivery.
