

# Skyline Redwood – Natural

## Skyline Collection

### Product Information

Removing the patina from water tower staves gives vintage Redwood a fresh-cut look. Our Natural finish shows off the fine, straight grain of this old-growth wood with tones ranging from salmon to deep red. Dark streaking is left at the original waterline. California Redwood of this age and caliber is only available through reclamation.

### Source

Reclaimed from NYC rooftop water towers, landmarks of the iconic NYC skyline.

### Impact

Historic material re-use and local manufacturing support a circular economy and reduces a building project's carbon footprint.
