

Skyline Redwood – Natural

Skyline Collection

Product Information

Removing the patina from water tower staves gives vintage Redwood a fresh-cut look. Our Natural finish shows off the fine, straight grain of this old-growth wood with tones ranging from salmon to deep red. Dark streaking is left at the original waterline. California Redwood of this age and caliber is only available through reclamation.

Source

Reclaimed from NYC rooftop water towers, landmarks of the iconic NYC skyline.

Impact

Historic material re-use and local manufacturing support a circular economy and reduces a building project's carbon footprint.
