

White Oak – Cloud

Countryside Collection

Product Information

With its exceptional durability and pronounced grain, White Oak has long been a traditional choice for beautiful, hardwearing floors. Cloud brings a contemporary look to this classic hardwood with a subtle yet sophisticated finish.

Source

Harvested from Northeast forests in coordination with sustainable management plans that support long-term forest health & biodiversity.

Impact

Timber from regenerative forestry practices in local working forests support conservation, resilience, and green jobs.

Common Spec*

Flooring | Solid | Tongue & Groove | Micro Bevel | 3/4" Thickness | 6" Uniform Width | 2' - 12' Lengths

SOLID WOOD

Made from a single piece of wood. Honest, true, and long-lasting.

2-LAYER ENGINEERED

Top layer of solid wood bonded to an FSC® Certified plywood substrate.

FINISH

We apply green finishes by hand to bring out the natural beauty of wood with added durability and easy maintenance.

CUSTOMIZATION

Go beyond the standards to create custom specifications including dimension, finish, and profile.

PATTERNS

We offer a variety of patterns such as chevron and herringbone, tailored to suit the dimensions of each room.

SUPPORT

We are part of your project team, working collaboratively before and after the order arrives on site to ensure smooth project delivery.
